

Save money with Smarter Travel Choices

Consult
Derbyshire County Council's
free business advice service

Derbyshire County Council's Sustainable Travel team can help your business to:

- improve cost efficiency
- reduce on and off site congestion
- improve health and morale of staff
- widen your recruitment catchment area
- assist with the development of planning applications
- strengthen your corporate image
- work towards ISO14001

Did you know:

- **Derbyshire Community Health Services NHS Trust** has saved over 250,000 miles of staff mileage and over 62 tonnes of CO₂ emissions since establishing a teleconferencing system in 2009.
- **The University of Derby at Buxton** has almost halved single occupancy vehicle rates, whilst simultaneously almost doubling the number of students walking to campus between 2004 and 2010.
- **By adopting a Cycle To Work scheme**, employers can enjoy savings of up to 12% on Class 2 National Insurance Contributions.
- **At Chesterfield B & Q**, single occupancy car journeys by staff have decreased, whilst the proportion of staff using public transport has doubled between 2009 and 2011.
- **At Chesterfield Royal Hospital, benefits of the staff travel plan include:** a range of discounted bus tickets, cheaper parking rates for car sharers, the cycle to work scheme and improved cycle storage and shared use paths.

Derbyshire County Council's sustainable travel team can:

- provide free on-site consultation and advice.
- help develop your smarter choices agenda and guide you through the process.
- offer assistance with your travel initiatives.
- provide liaison with public transport operators.
- provide links to up to date transport and travel information.
