

## Derbyshire Bus Fares Guide

This page shows typical **adult single fares**, in pence, between the main towns in Derbyshire, as at November 2011.

These fares generally apply only on direct journeys – where a change of bus is necessary, through tickets are not always available. Sometimes a higher fare will be payable on an express or limited stop service, or on a less direct service.

*Fares shown here do not necessarily apply on any particular service; they are guide prices only.*

- **Return tickets** are available in most cases, and are usually cheaper than two single tickets. However, they can generally only be used to come back on buses run by the same company.
- **Children's Fares** are usually about 50 per cent of the Adult Fares.
- **Reductions** (normally 50 per cent) are available for young people in full-time education who live in Derbyshire, with a b\_line card. Residents of England aged 60 or more, or with certain disabilities, are entitled to free travel at most times; to obtain this, an English National Concessionary Travel Scheme pass such as the Derbyshire "Gold Card" is required.
- **Season tickets** and multi-journey tickets are available on many services, offering savings for regular travellers.
- **Rover tickets** such as the Derbyshire Wayfarer can often be the cheapest option for a day's travel involving a number of journeys.
