Dear Parent / Guardian,

Re: Nature Watch Club

Shipley Country Park's Nature Watch Club is a group for local children to learn about the environment through games and activities. It is supported by Wildlife Watch – the UK's leading club for young environmentalists and junior section of The Wildlife Trust.

If your child is interested in becoming a member of Nature Watch Club please read the enclosed information, and complete and return the parental consent form along with the registration fee. Places are limited.

If you need any further information regarding Nature Watch Club, or if you wish for your details to be removed from the contact list, please do not hesitate to contact me.

Yours sincerely,

Michelle Marriott
(Ranger)
