

supporting people

Moving into independent living?

- ... are you aged between 18-25?
- ... are you getting help from your landlord/housing association or independent support provider to help you in your accommodation?

If so...

- ... are you happy with it?
- ... do you feel safe?
- ... are you worried about it?
- ... are your support workers helpful?

Tell us how it could be improved! We'd like to hear from you

Text 0777 083 6167 - and leave a message.
If you want to speak to someone, leave a contact number and we will call you back.

Your feedback will help to improve services to young people.

Information that you give to us will be followed up with the organisation helping you with your accommodation.

Your text message and any conversations will be kept confidential.

The information on this flyer is also available on audio-tape in English and other languages, and in large print and Braille, on request.
