

Community Profile

This area profile is the first stage in drawing together a range of information about a particular geographical area and its communities. The profile brings together basic statistical and consultation data and, where available, performance information and details about key initiatives in the area. There are 10 sections following the Audit Commission's quality of life themes. The profile aims to provide a more rounded picture of an area than can be achieved by viewing the information in isolation and should be used as a tool to provide a context and overview of an area, rather than detailed analysis of a particular topic or information type.

The Barlborough/Clowne area lies to the north of the Bolsover district. It covers an area of 5,413 hectares. The area borders the counties of South Yorkshire to the north and Nottinghamshire to the east. The main centres of population for the area are Clowne, Whitwell and Creswell..

.A larger map of the area is shown on the final page of this profile.

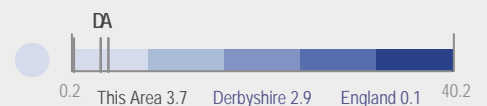

A separate User Guide contains a detailed description of the statistics and a guide to interpreting the charts.
