

Community Profile

This area profile is the first stage in drawing together a range of information about a particular geographical area and its communities. The profile brings together basic statistical and consultation data and, where available, performance information and details about key initiatives in the area. There are 10 sections following the Audit Commission's quality of life themes. The profile aims to provide a more rounded picture of an area than can be achieved by viewing the information in isolation and should be used as a tool to provide a context and overview of an area, rather than detailed analysis of a particular topic or information type.

The Brimington/Tapton area lies to the north east of the Chesterfield district. It covers an area of 732 hectares. The main centre of population is Brimington and its hinterland including New Brimington, Brimington Common and Tapton. of New Whittington, The Brushes and part of Whittington Moor. There is a smaller settlement to the east of the area at Barrow Hill.

.A larger map of the area is shown on the final page of this profile.

A separate User Guide contains a detailed description of the statistics and a guide to interpreting the charts.

Chesterfield 50+ Inspired Group has 121 members. Their primary objectives are to;

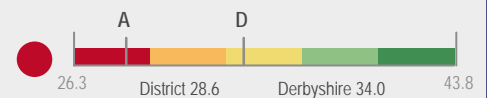

- publicise the group, including identifying and applying for appropriate funding;
- address transport issues raised following consultation exercises;

- manage the 'Message in a Bottle' initiative, which encourages people to have a copy of emergency information in a safe place;
- develop a chiropody service for the area.
