

Community Profile

This area profile is the first stage in drawing together a range of information about a particular geographical area and its communities. The profile brings together basic statistical and consultation data and, where available, performance information and details about key initiatives in the area. There are 10 sections following the Audit Commission's quality of life themes. The profile aims to provide a more rounded picture of an area than can be achieved by viewing the information in isolation and should be used as a tool to provide a context and overview of an area, rather than detailed analysis of a particular topic or information type.

The Newbold/Brockwell area lies to the north west of the Chesterfield district. It covers an area of 450 hectares and contains the densely populated suburbs of Loundsley Green, parts of Ashgate, Newbold and Stonegravels..

.A larger map of the area is shown on the final page of this profile.

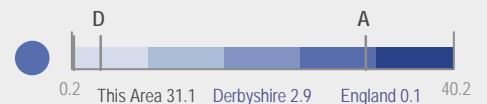

A separate User Guide contains a detailed description of the statistics and a guide to interpreting the charts.

Residents who agree that decisions affecting their local area can be influenced 2006
30.6%

Residents who would like to be more involved in Council decisions affecting their area 2006
31.1%

Chesterfield 50+ Inspired Group has 121 members. Their primary objectives are to;

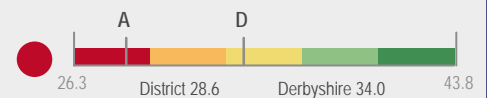

- publicise the group, including identifying and applying for appropriate funding;
- address transport issues raised following consultation exercises;

- manage the 'Message in a Bottle' initiative, which encourages people to have a copy of emergency information in a safe place;
- develop a chiropody service for the area.

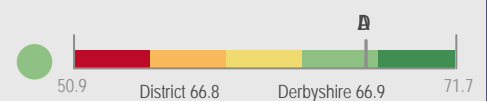

The views of the district Youth Forum on facilities for young people appear in the Culture and Leisure section.

Community cohesion

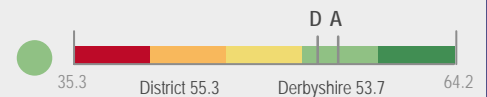

Residents who have formally volunteered in the last 3 years 2006
