

# Community Profile

This area profile is the first stage in drawing together a range of information about a particular geographical area and its communities. The profile brings together basic statistical and consultation data and, where available, performance information and details about key initiatives in the area. There are 10 sections following the Audit Commission's quality of life themes. The profile aims to provide a more rounded picture of an area than can be achieved by viewing the information in isolation and should be used as a tool to provide a context and overview of an area, rather than detailed analysis of a particular topic or information type.

The Dales-North area lies to the north of the Derbyshire Dales district of Derbyshire. It covers an area of 2,880 hectares. There are several towns and villages scattered over the large rural area including Hathersage, Grindleford, Bradwell, Eyam, Tideswell and Stony Middleton to the north Taddington and Chelmorton to the east, Baslow and the Chatsworth Estate villages to the west and Monyash, Youlgreave, Stanton in the Peak and Birchover to the south. Bakewell lies at the heart of the area.
