

# Community Profile

This area profile is the first stage in drawing together a range of information about a particular geographical area and its communities. The profile brings together basic statistical and consultation data and, where available, performance information and details about key initiatives in the area. There are 10 sections following the Audit Commission's quality of life themes. The profile aims to provide a more rounded picture of an area than can be achieved by viewing the information in isolation and should be used as a tool to provide a context and overview of an area, rather than detailed analysis of a particular topic or information type.

The Linton area lies in the south east of the South Derbyshire district of Derbyshire. It covers an area of 6,481 hectares. There are several villages scattered throughout the area, including Walton-on-Trent, Rosliston, Coton in the Elms, Linton, Overseal and Netherseal. The area borders the county of Leicestershire on its southern and eastern boundaries and the county of Staffordshire on its western and northern boundaries.
