5 steps to success!

- 1. Have a goal:** Think about what you want to achieve from your learning, such as meeting new people, being creative or increasing your employment prospects.
- 2. Create a plan:** “Making Choices” can help you identify where you are now and how you could progress.
- 3. Sign up** for the course that meets your needs.
- 4. Attend** every session and be there on time. Every minute you spend learning helps you achieve your goals.
- 5. Look forward:** Celebrate your success and plan how you will use what you have learned, such as a new project, progressing to the next level course, or even changing career.

Making Choices

A session for anyone who wants to get into learning, to help you to:

- choose what courses you want to do in the future
- increase your confidence in making decisions
- know your skills in English, maths, ICT and employability
- set up your own learning plan.

Ask in centre to find out more and book onto a session.

Think you can't? You could with us!

We offer a range of support to help you achieve, including:

- **Financial help:** Free courses, reduced fees, bus tickets, help to buy books
- **Childcare help:** We could pay for your childcare, or provide crèche support
- **Learning support:** Special equipment or a one-to-one helper for you in the classroom
- **Bring a friend:** Discounts for supportive friends or bring your support worker with you.

All additional support provided is based on an individual assessment, our staff can talk through this with you.

Something for everyone

We also offer courses that are not listed in this brochure. These include family learning, personal development, support for mental health, and opportunities available for people with additional learning needs and/or disabilities. We also set up courses for businesses and with our partners.

Speak with our friendly staff to find out how we can help meet your needs.

For some qualification courses you may be able to apply for a learner loan. There may be additional costs on some courses for materials and exams fees.
