30th May 2017

Dear Sir/Madam,

Land adjacent to Bramley Moor Lane, Marsh Lane - Construction of a well site and creation of a new access track, mobilisation of drilling, ancillary equipment and contractor welfare facilities to drill a vertical hydrocarbon exploratory core well and mobilisation of workover rig, listening well operations, and retention of the site and wellhead assembly gear for a temporary period of five years

Thank you for consulting Yorkshire Water regarding the above proposed development. We have the following comments:

Waste water

I understand from the submitted Environmental Report that all waste water from the drilling operation and any foul sewage will be stored and tankered off site. Yorkshire Water therefore has no comment to make as our waste water infrastructure will be unaffected

Water supply

Severn Trent Water is the statutory water undertaker for this area so should be contacted for any comment regarding water supply.

Yours faithfully

Stephanie Walden
Land Use Planning Manager
