Dear Sir/Madam.

Thank you for your email received by Natural England 8th May 2017.

I can confirm that all three emails have been received and we will be responding to this additional information.

Our statutory 21 day deadline to respond to this additional information is 29th May; however we will aim to respond by the 23rd.

Kind regards

Alice Watson

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.

Natural England offers two chargeable services - the Discretionary Advice Service, which provides pre-application and post-consent advice on planning/licensing proposals to developers and consultants, and the Pre-submission Screening Service for European Protected Species mitigation licence applications. These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

For further information on the Discretionary Advice Service see [here](#)

For further information on the Pre-submission Screening Service see [here](#)

Thanks

Subject: Consultation Reminder CW5-1116-71 Land at former Creswell Colliery Lagoons

Good afternoon

We sent out a consultation reminder for the above through Cryptshare on 2 May 2017 with further information please see attached letter. It appears some consultees have not received this and so we are sending the three documents again by email in three separate emails as they are too large for one email.

Please can you confirm that you received all three emails.

Regards
