powerful voice to achieve change and

# Speaking up for our age!

Are you concerned about your quality of life, your community, your living environment?

How can you influence what is going on around you?

Do you find it difficult to get the information you need?

What issues and ideas do you have that you would like to be heard?

## Your local 50+ forum could be the answer! 50+ forums are about:

- creating a powerful voice for people 50 & over
- being involved
- taking action
- influencing services
- enhancing your life and the lives of others

## What's in it for you?

- Information
- Choice
- Opportunity
- Fun
- Friendship

The forums are independent and they are run by local people for local people. It works to influence policy makers and engage with agencies and organisations that provide services for the 50+ community.

There are now a number of forums throughout the county who make up the Derbyshire 50+ Forum Network. Together they can work on wider issues as the Derbyshire Older Peoples Advisory Group.

Practical support is given by Derbyshire County Council through its Prevention Team. Administrative, technical and financial support are provided.

## Our strength lies in numbers. So your voice really does count.

We believe that together we will be heard and that there should be:

## “Nothing about us, without us!”
