

The Derbyshire Challenge
Have your say on changing
the Older People's Sheltered Housing with warden on site

About this consultation

Derbyshire County Council is facing huge budget cuts and must find ways of saving £157 million by 2018. Reductions in Government grants, inflation and greater demands on our budget for adult social care and vulnerable children mean we must re-think the way we deliver services.

It means some services will remain, some will run differently and some services will have to stop. We don't want to cut any services but we do not have any choice.

One of the areas where we are proposing to make cuts is housing-related support services.

This questionnaire is one way in which you can tell us what you think about the proposed changes. Alternatively, you can contact our helpline on: 01629 533365 or email your comments to telladultcare@derbyshire.gov.uk.

For more information about the changes please use the fact sheet included with this questionnaire or you can view it online - please go to www.derbyshire.gov.uk/challenge

What we are proposing

We are proposing to make £6 million of cuts over the next two years from the housing-related support programme. [This questionnaire is about one of the services affected.](#)

We are proposing to stop funding **Older People's Sheltered Housing with warden on site:** This service provides a warden with alarm for 1139 older people who choose to live in the community but also to live in a more secure setting that offers communal facilities, on-site support staff during part of the day and access to a community alarm that offers 24/7 reassurance. There are currently 16 providers in total.

If the proposal for the Council to stop funding the service is eventually agreed then it may be possible for you to use an alternative community alarm service funded by the Council if you are in receipt of housing benefit.

The proposal is to stop funding Sheltered Housing (with warden and alarm) services after Spring 2015 when the current contracts are due to end, saving £788,395 each year.

Older People's Sheltered Housing with on site warden and alarm service

The proposal is to stop funding the service providing older people in sheltered housing with a warden on site and alarm service. If this proposal goes ahead - this change would come into effect from April 1st 2015. This change does not affect the accommodation you live in but it does mean that there would be no warden living on site.

If the proposal for the Council to stop funding the service is eventually agreed then it may be possible for you to use an alternative community alarm service funded by the Council if you are in receipt of housing benefit.
