

DERBYSHIRE COUNTY COUNCIL

MEETING WITH CABINET MEMBER, HEALTH AND COMMUNITIES

7 July 2015

Report of the Strategic Director, Health and Communities

MOBILE LIBRARY SERVICE

1. Purpose of the report:

To seek approval from the Cabinet Member, Health and Communities to make changes to the Mobile Library Service timetable with effect from September 2015

2. Information and analysis:

- 2.1 At its meeting on 30 September 2014 Cabinet approved changes to the Mobile Library Service. The fleet was reduced from ten vehicles to two, operating on a four-weekly rather than a fortnightly frequency and serving approximately 150 communities. The revised service commenced on 12 January 2015.

Following these changes usage by customers have been closely monitored. Since 20 percent of capacity to deliver the service remained, it was anticipated that usage would reach a similar level. However, after four months of operation, issues per four-weekly operating period have settled at approximately 14 percent of previous levels of use. There have also been some practical operational difficulties in keeping to the published timetable, following the significant changes that were made to the service in January.

- 2.2 Given this level of take up and other operational considerations, it is now proposed to make some adjustments to the existing timetables to ensure that the service can continue to be delivered to prioritised communities and to maximise levels of use. For example:

- Based on the current pattern of use some stops are not being used at maximum capacity. Where this is the case, it is proposed that some stopping times and durations are rearranged so that there may be multiple stops in the communities served
- Some travelling times between stops need to be adjusted to allow for slower journeys at peak times.
- Changes to the order of stops on certain daily routes will enable improved access for some communities.

- The movement of some stops to alternative locations within communities is desirable for reasons of safety and ease of access.

2.3 A proposed timetable is attached as Appendix 1 and would be publicised prior to implementation in September 2015.

2.4 The library service will continue to monitor use of the Mobile Library Service and further reports will be presented to the Cabinet Member, Health and Communities as appropriate.

3. Financial considerations:

None

4. Legal considerations:

All proposed changes are permitted under relevant legislation.

5. Equality of Opportunity considerations:

Increasing the number of stops in the communities served by the Mobile Library Service will enable more local people to have access to public library resources.

6. Other considerations:

In preparing this report the relevance of the following factors has been considered; prevention of crime and disorder, environmental, health, human resources, property and transport considerations.

7. Background papers:

None

8. Key Decision:

No

9. Call in:

Is it required that call in be waived for any decision on this report?

No

10. Officer's recommendation:

That the Cabinet Member, Health and Communities approves the proposed changes to the Mobile Library Service timetable as outlined in the report with effect from September 2015

**David Lowe
Strategic Director
Health and Communities**

APPENDIX 1

PROPOSED MOBILE LIBRARY TIMETABLE FROM SEPTEMBER 2015

NORTH TIMETABLE

DAY	PLACE	LOCATION	ARR	DEP
