

DERBYSHIRE COUNTY COUNCIL

MEETING WITH CABINET MEMBER, HEALTH AND COMMUNITIES

14 April 2015

Report of the Strategic Director, Health and Communities

**ANNUAL REVIEW OF CHARGES IN THE
LIBRARIES & HERITAGE DIVISION**

1. Purpose of the Report:

To seek approval from the Cabinet Member, Health and Communities for proposed charges in the Libraries and Heritage Division for 2015/2016

2. Information and Analysis:

- 2.1 Income generated from charges across all libraries and heritage services is an important part of the Health and Communities budget. The total income received by the Libraries and Heritage Division from charges in 2013/14 was £491,715 and can be broken down thus:

Libraries £464,112

Buxton Museum £19,860

Derbyshire Record Office £7,743

These income figures show a significant reduction from the previous year when total income was £574,286 and this trend is likely to continue particularly given the significant decline in the income received from the loan of DVDs (the format is gradually being replaced by alternative services e.g. internet streaming). The growing shortfall in the amount of income received increases the pressure on the total Libraries and Heritage Division budget when the reduction is set against the background of continuing budget reductions across the County Council,

- 2.2 Implicit in the annual review of charges is an assumption that they will increase in line with inflation. However, this is not always practical to implement given the relative level of some charges. In addition while there is always pressure on the departmental budget to raise the proportion of income it generates from charges, as

outlined above, there is customer resistance to some increases and increasing charges could lead to a decline in use thereby further reducing income. It is therefore proposed that the fees and charges levied for the Libraries and Heritage Division for 2015/16 remain unchanged.

2.3 Details of all of the proposed charges for the Libraries and Heritage Division for 2015/16 are detailed in appendix 1.

3. Financial Considerations:

As detailed in the body of the report.

4. Legal Considerations:

All proposed charges are permitted under relevant legislation.

5. Equality of Opportunity Considerations:

Concessionary rates and free internet use ensure as many local people as possible have access to the full range of the Libraries and Heritage Divisions services and resources.

6. Other Considerations:

In preparing this report the relevance of the following factors has been considered; prevention of crime and disorder, environmental, health, human resources, property and transport considerations.

7. Background Papers:

None

8. Key Decisions:

No

9. Call in

Is it required that call in be waived for any decision on this report?

No

10. Officer's Recommendation:

That the Cabinet Member, Health and Communities approves the proposed charges for the Libraries and Heritage Division, as listed in appendix 1, with effect from Monday 04 May 2015.
