

Derbyshire County Council

Meeting with Cabinet Member, Health and Communities

17 June 2014

Report of the Director of Public Health

PUBLIC HEALTH ADVICE TO CLINICAL COMMISSIONING GROUPS (CCGs)

1. Purpose of the report:

To update Cabinet on the Memorandum of Understanding and completed work plan for 2013/14 to support Local Authority responsibilities for the provision of public health advice to CCGs.

2. Information and analysis:

Legislative Background

With the implementation of the Health & Social Care Act 2012, public health functions transferred to local authorities on 01 April 2013. These functions involve work across the three domains of public health: health improvement; health protection and healthcare public health. As part of the Act, the Local Authority has a statutory duty to provide public health advice, information, and expertise to CCGs in relation to the healthcare services that they commission.

Memorandum of Understanding 2013/14

A Memorandum of Understanding was established prior to the transfer of public health responsibilities to the Local Authority for 2013/14. This provides a framework for relationships between the four CCGs (NHS Erewash CCG, NHS Hardwick CCG, NHS North Derbyshire CCG and NHS Southern Derbyshire CCG) and the Local Authority and is reviewed on an annual basis. The Memorandum of Understanding is not a legally binding document but aims to clarify the expectations of all parties.

Work Plan 2013/14

The Memorandum of Understanding was supported by a mutually agreed work plan. The 2013/14 completed work plan is attached as Appendix 1.

Memorandum of Understanding 2014/15 and associated work plan

The review of the Memorandum of Understanding and associated work plan for 2014/15 is currently underway and will be presented to a future Cabinet Member meeting.

3. Other considerations:

In preparing this report the relevance of the following factors has been considered: financial, legal, prevention of crime and disorder, equality of opportunity, human resources, environmental, health, property, and transport considerations.

4. Background papers:

Memorandum of Understanding 2013/14

5. Key Decision:

No

6. Call-in:

Is it required that call-in be waived for any decision on this report?

No

7. Officer's recommendation:

That the completed work plan delivered by public health to the CCGs be noted.

Elaine Michel
Director of Public Health

Derbyshire Public Health:

*A review of public health support
to all Derbyshire CCGs (January
2013 to date)*

Elaine Michel

Director of Public Health

Derbyshire County Council

February 2014

1 Results – Work Requested by CCG/s

2 Regular

Task	Topic	PH Technique	Where findings reported to?
Care Homes: Annual Care Homes/GP Profiles (on hold due to IG issues)	Clinical Quality	Evidence Intelligence	CCG Quality Leads
Care Homes: Urgent Care Monthly Monitoring Report on GEMIMA collating OOHs, EMAS and Secondary Care data (on hold due to IG issues)	Clinical Quality	Evidence/Intelligence Clinical Variation	CCG Quality Leads (through Hardwick CCG Lead)
Daily Health Bulletin: Alerting and current awareness services on issues relating to public health, commissioning and key health topics	Clinical Quality	Evidence/Intelligence	Various – staff request membership
End of Life: Quarterly Monitoring Report (PH no longer has access to mortality data; therefore, it is no longer possible to perform this function)	Clinical Quality	Evidence/Intelligence	Performance managers in CCGs
End of Life: Annual CCG Profile	Clinical Quality	Evidence/Intelligence	Quality Leads in CCGs
Evidence: Manage access to e-resources and Athens authentication for public health, CCGs and social care	Clinical Quality/Policy	Evidence/Intelligence	Various – staff request membership
High Cost Drugs: Audit of Biological Drugs: Quarterly scrutiny of biologics to ensure drugs are used in line with NICE. Regular review identifies patients not being treated in line with NICE, and subsequent actions have been taken	Clinical Policy	Audit	SDCCG commissioners/finance teams
