

DERBYSHIRE COUNTY COUNCIL

CABINET MEETING

11 February 2014

Report of the Strategic Director – Economy, Transport and Environment

ADDITION TO THE CAPITAL PROGRAMME 2013/14 - MOIRA ROAD, WOODVILLE – TRAFFIC CALMING (JOBS, ECONOMY AND TRANSPORT)

(1) **Purpose of the Report** To seek Cabinet approval for the inclusion of a scheme, to provide traffic calming on Moira Road, Woodville, within the 2013/14 Capital Programme.

(2) **Information and Analysis** Funding, in the sum of £40,000, has been provided under a Town and Country Planning Act Section 106 Agreement for the introduction of traffic calming on Moira Road, Woodville to mitigate any increase in traffic impact arising from local development.

The purpose of this report is to seek approval for the scheme to be added to the current Capital Programme 2013/14 to enable the design to be progressed.

A scheme of regularly spaced road humps has previously been the subject of a public consultation which was not widely supported by either the residents or the Parish Council. It is likely, therefore, that the design process will involve further consultation with the residents, the Parish Council and the Local Member at an early stage to determine a consensus of opinion towards a specific manner of traffic calming.

Local Member Comments

Councillor Paul Dunn has been consulted and supports the scheme.

(3) **Financial Considerations** Funding for the scheme will be met entirely by the developer contribution of £40,000.

In preparing this report the relevance of the following factors has been considered: legal, prevention of crime and disorder, equality and diversity, human resources, environmental, health, property and transport considerations.
