

DERBYSHIRE COUNTY COUNCIL

CABINET MEETING

18 June 2013

Report of the Acting Strategic Director – Environmental Services

**GREAT NORTHERN GREENWAY, BROOMFIELD
(ECONOMY, JOBS AND TRANSPORT)**

(1) **Purpose of the Report** To report on the offer of grant to support the Great Northern Greenway, Broomfield.

(2) **Information and Analysis** The approved Local Transport Plans (LTP) 2012/13 and 2013/14 include allocations of £100,000 and £150,000 respectively to a project for the extension of the Great Northern Greenway at Broomfield. Development of the Greenway was delayed through planning related issues which have since been resolved. This Greenway is identified in the Derbyshire Greenway Strategies and also forms part of a planned Sustrans cycleway. A successful bid has been made to Sustrans and it has approved grants of £100,000 for the project. The grant approval will mean LTP funding originally intended for the project can be reallocated to other Environmental Services schemes. A further report will be submitted to the Cabinet Member in due course.

(3) **Financial Considerations** The estimated cost of the scheme is £250,000. Sustrans is now making a grant offer of £100,000 towards the scheme. The balance of the funding of £150,000 will be met from the LTP.

(4) **Property Considerations** There are no property considerations associated with this report.

In preparing this report the relevance of the following factors has been considered: legal, prevention of crime and disorder, equality and diversity, human resources, environmental, health and transport considerations.

(5) **Key Decision** No.

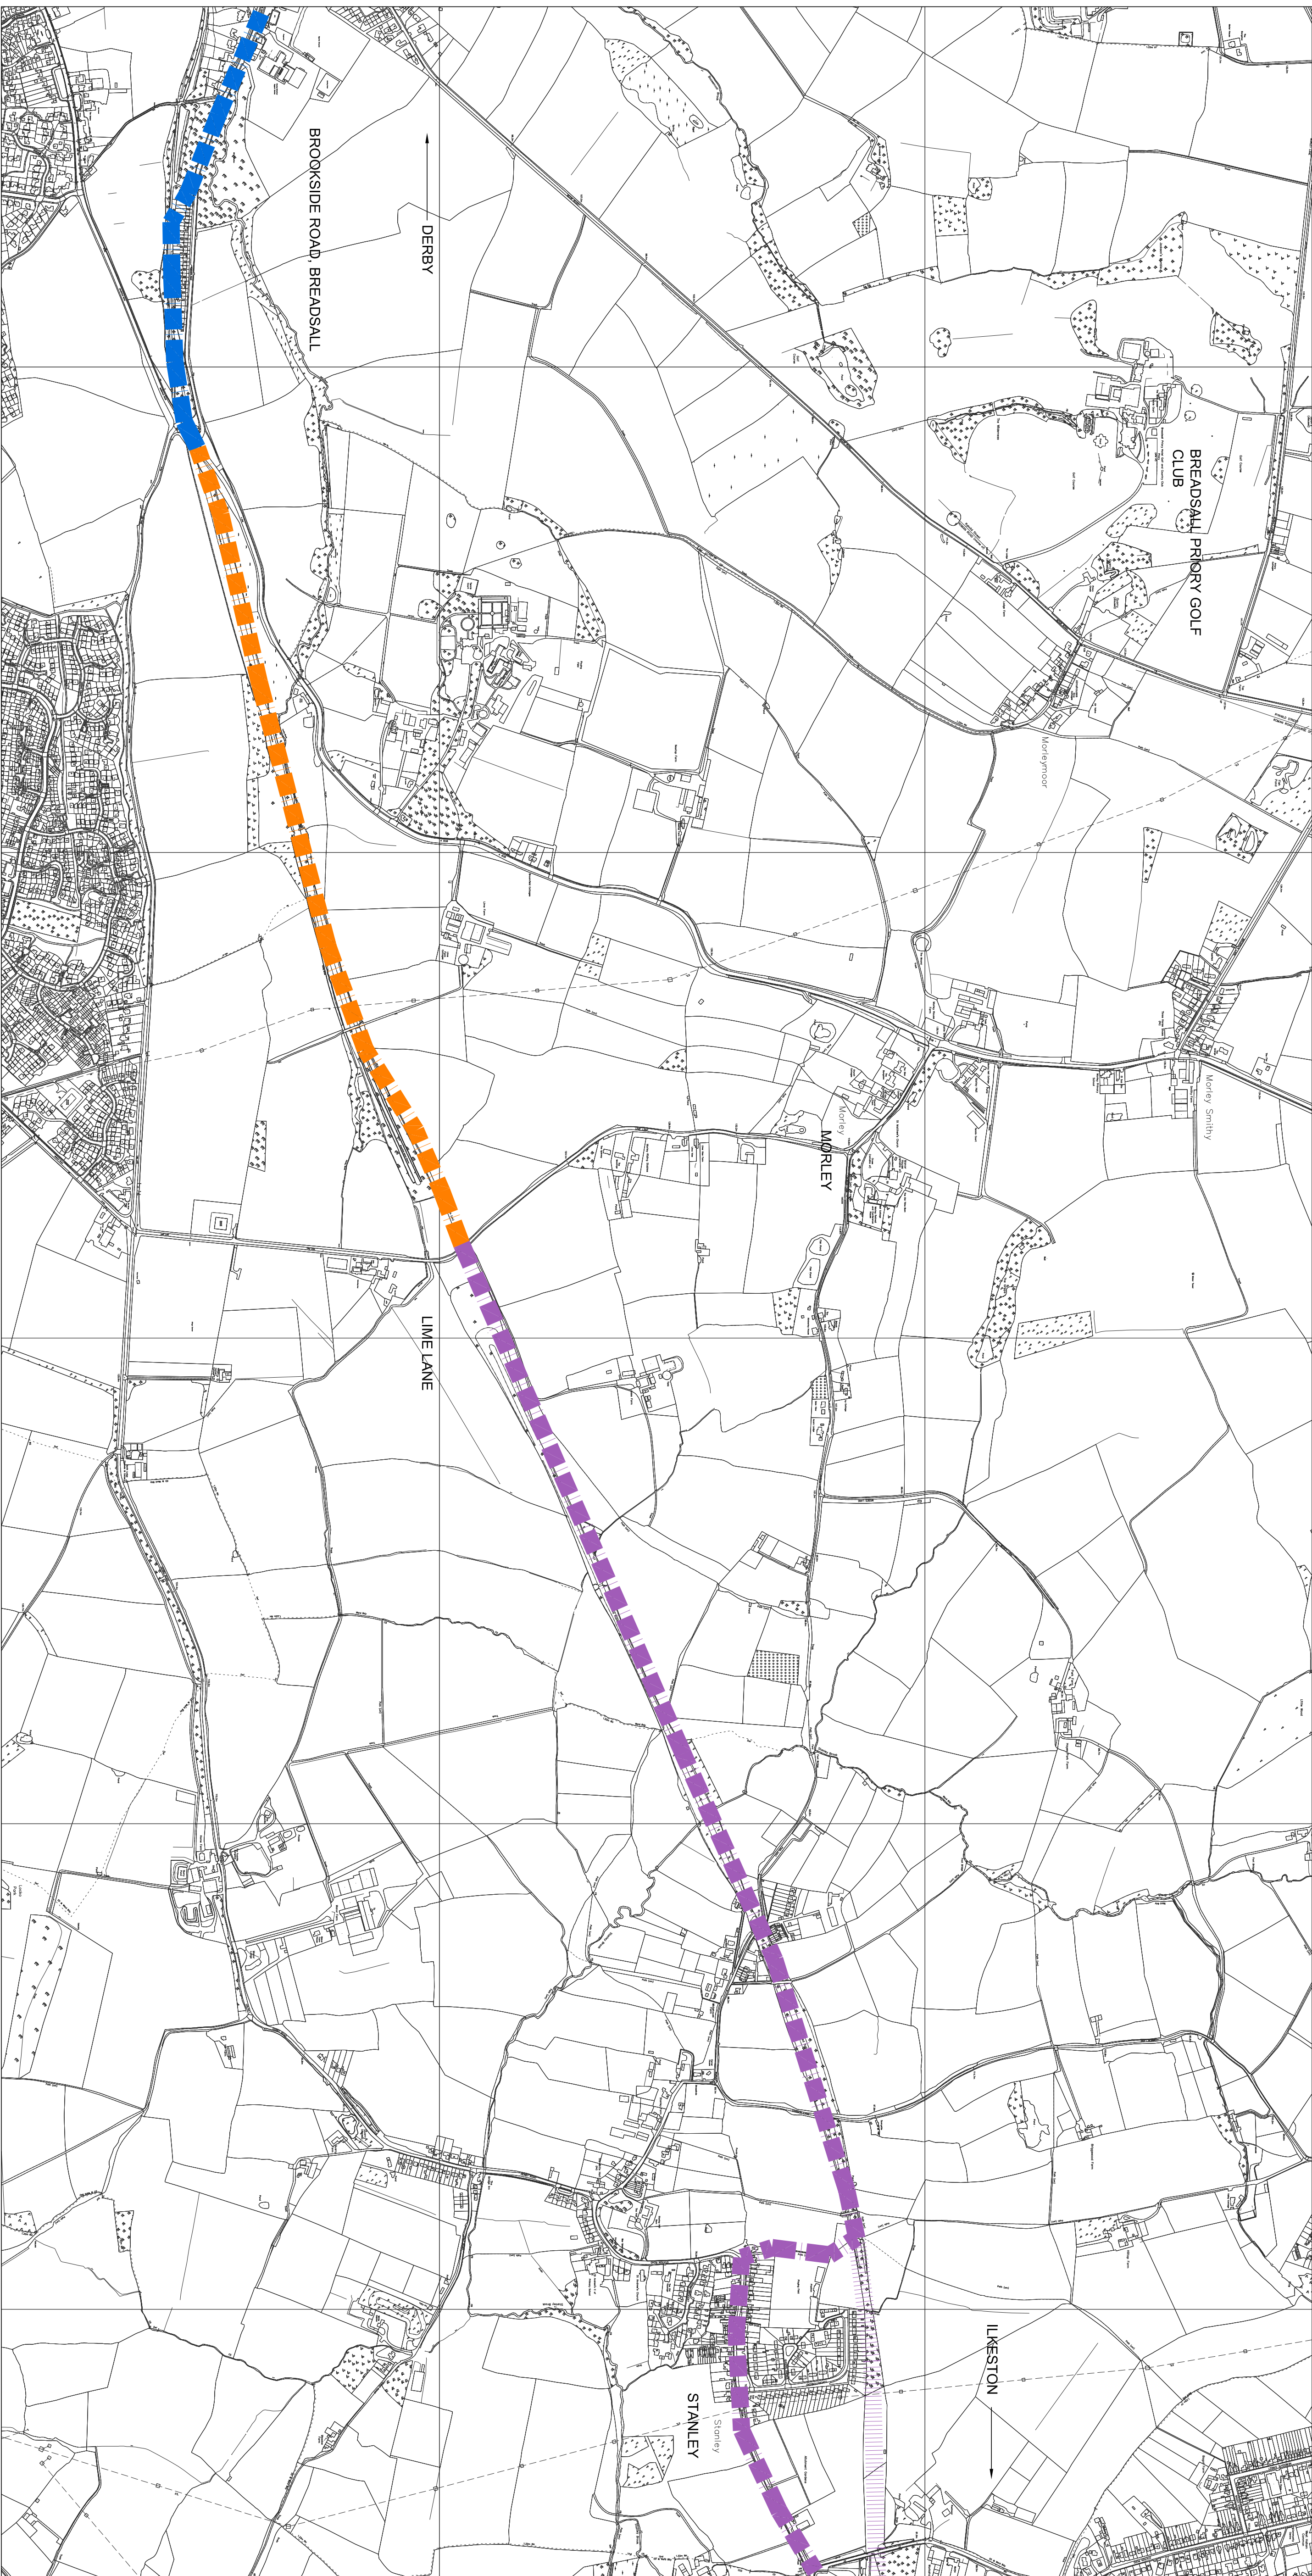

(6) **Call-In** Is it required that call-in be waived in respect of the decisions proposed in the report? No.

(7) **Background Papers** None. Officer contact details – Malcolm Marshall, extension 39659.

(8) **OFFICER'S RECOMMENDATIONS** That Cabinet:

- 8.1 Accepts the offer of £100,000 grant aid from Sustrans.
- 8.2 Approves the overall increase in the Environmental Services Capital Programme of £100,000.
- 8.3 Notes that the balance of the cost of the scheme of £150,000 will be met from the Local Transport Plan budget.
