

**DERBYSHIRE COUNTY COUNCIL
PEOPLE IMPROVEMENT AND SCRUTINY COMMITTEE**

REPORT OF THE CHAIR OF THE COMMITTEE

14 MAY 2014

FORTHCOMING SCRUTINY REVIEWS FOR CONSIDERATION

1. Purpose of the Report

To consider the proposed scrutiny reviews as allocated by the Scrutiny Management Committee.

2. Information

The Chair of the Management Committee (Cllr Clive Moesby) has recently contacted all Council Members and Chief Officers to gather suggestions for Scrutiny review areas. A total of 36 potential reviews was suggested which cut across all four Improvement and Scrutiny Committees and all Cabinet Member portfolio responsibilities.

Cllr Moesby and the Improvement and Scrutiny Officers subsequently met with individual Cabinet Members to consider the potential of each suggested review – taking account of realistic outcomes and to ensure that duplication of work (between service departments and the scrutiny function) is avoided.

The appendix to this report details those review proposals which have been allocated to the People Improvement and Scrutiny Committee for further consideration and prioritisation in the work programme.

In submitting suggestions for scrutiny reviews, Members and Officers were asked to indicate how they considered each review would contribute to the Council Plan. This information is shown for each review in the attached appendix.

Strategic Directors and Chief Officers have been informed of the proposed reviews which are now being considered in this report.

It should be noted that those review proposals which have not been included in the current list are retained for further consideration in the future as appropriate.

Additional reviews may also be included in the People Improvement and Scrutiny Committee's work programme as they arise.

3. Considerations

In preparing this report the relevance of the following factors has been considered: financial, legal, prevention of crime and disorder, equality of opportunity, human rights, personnel, environmental, health, property and transport.

4. Background Papers

None

5. RECOMMENDATION

That the People Improvement and Scrutiny Committee consider the scrutiny reviews (as set out in the appendix to this report) as allocated by the Scrutiny Management Committee and add to the work programme as appropriate.
