

Is your child 2, or nearly 2?

If so, you should soon be contacted by your Health Visitor to arrange their 2-Year Development Review.

There are two parts: Part 1 – we, are legally required to complete an Early Years Progress Check at age two with information from you. This is shared in partnership with your child's Health Visitor, so together for Part 2, an accurate **integrated review** of your child's development will be created.

Please let us know the date of your Health Visitor 2-year development review, so we can share information and work together.

If you have any questions, please feel free to speak to your child's Key Person.
Thank you for your cooperation.
