Definitions

Living in the normal area is defined as the child having settled residence in a property which is the child's only or main residence. Documentary evidence, including proof of residence at the property concerned, may be required e.g. council tax/utility bills, sale/rental agreements. The County Council reserves the right to withdraw any offer of a school place which has been obtained as a result of misleading or fraudulent information.

Please note a place cannot be guaranteed for any child, even those living in a school's normal/local area

The term brother or sister includes:

- (a) a half-brother and/or a half-sister
- (b) a legally adopted child being regarded as a brother or sister
- (c) a step-brother and/or step-sister residing in the same family unit

Parents seeking a place at a voluntary controlled school on religious grounds need to have a supplementary form completed by a Minister, Priest or Pastor or Religious leader if the child is a member of another Christian Church or world Faith, who know the family and can confirm regular attendance at public worship (Regular worship is defined as attendance at public worship at least once a month). The form is available from the Admissions and Transport Team or online and should be returned to the Admissions and Transport Team. Baptismal certificates, where appropriate, should also be supplied. Exceptional circumstances will be considered if explained in writing by the relevant religious leader.

Route Measurement The Children's Services Department has a Geographic Information System (GIS) to measure the straight line distance. It is measured by a standard straight line distance calculated to within two metres. This measurement is taken from the postal address file, normally the house front

door. For schools the grid reference is taken from the postal address file and will normally be the centre of the school for primary phase schools or the nearest gate or entrance for secondary phase schools.
