

## Derbyshire County Council:

# Tackling Climate Change Together

Tuesday 3 March 2020, 11:00-5:00pm  
County Hall, Matlock

### Aim

To explore the challenge of how you can help deliver the Derbyshire Environment and Climate Change Framework to achieve a 'net-zero carbon' Derbyshire by 2050.

### Objectives

By the end of the event you will have:

- Learnt about Derbyshire's ambition to be a 'net-zero carbon' county by 2050;
- Been inspired and challenged by a range of low carbon initiatives from across the county;
- Explored ways your organisation can support the climate change agenda in Derbyshire;
- Had a chance to meet and network with others committed to responding to the challenge of carbon reduction.
