Summary

The site is a green field site contains a mixture of garden and grazing land which is located to the south of south east of Stapenhill near Burton upon Trent. The site has potential access to Rosliston Road South. We have estimated a site capacity of 60 dwellings. There is high developer interest on the site.

The site is considered to be potentially suitable as it is currently restricted by local planning policy as the site is in an area protected by countryside policy.

The site is considered available as the existing use would not need to be relocated and the site is in multiple ownership but all parties are currently willing to develop.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
