

GENERAL SITE INFORMATION		SITE USAGE		
<b>Site reference:</b> S/0087		<b>Site Description:</b> The site is currently occupied by a caravan, scaffolding and vacant single storey agricultural buildings.		
<b>Site Name:</b> -				
<b>Site Address:</b> Land adjacent Heath Close Colliery Lane Linton -				
<b>PUA/Non PUA:</b> Non PUA		<b>Total site area (hectares):</b> 1.75		
<b>Site allocation:</b> N/A		<b>Greenfield:</b>	<b>Brownfield:</b>	<b>Net Developable Area:</b>
<b>Developer interest:</b> High		1.75	0	
<b>Access to services:</b> 49m to bus stop for service 8 to Burton and Ashby and 21 service to Swadlincote and Burton. The site is within 30 minutes travel time of essential services.		<b>Status:</b> Promoted Site		
		<b>Planning History:</b> 9/2013/0640 - erection of 4 holiday units, access and associated landscaping 9/2010/1047 - erection of a dwelling		
CONSTRAINTS				
<b>Policy constraints:</b> The site has been considered against Local, Regional and National planning policy and it has been assessed that the site is constrained by: - Countryside policy (EV1) and National Forest policy (EV10) in the South Derbyshire Local Plan 1998.				
<b>Physical constraints (i.e. topography):</b> The site has been assessed and it is considered that the site is not physically constrained.				
<b>Environmental constraints including flood risk:</b> The site has been assessed and it is considered that the site is not environmentally constrained. This assessment included consideration of flood risk.				
<b>Access constraints:</b> This site has been assessed and it is considered that the access to the site is constrained, due to: - the current access requiring widening.				

**Ownership constraints:**

From the information available to us it is considered that the site is currently in one ownership.

**Other:**

The site has been assessed and it is considered that there are no further constraints.

**SITE VIABILITY****Are the constraints able to be overcome?**

Following the assessment of the site, it is considered that all of the constraints are able to be overcome in the future.

**Economic viability issues:**

The site has been assessed and it is considered that residential development on this site would be economically viable.

**DWELLING DELIVERY AND SITE CAPACITY**

<b>Dwelling delivery timescales (number of dwellings per year block):</b>	<b>1-5</b>	<b>6-10</b>	<b>11-15</b>	<b>16+</b>	<b>CAPACITY</b>
	0	0	0	0	<b>35</b>

**Site suitable?** Potentially                      **Site available?** Yes                      **Site achievable?** Yes

**Deliverable dwellings:**                      0                      **Developable dwellings:**                      0

**Summary**

The site is a green field site that is currently used as a mix of agriculture and agricultural buildings which is located to the south of Linton. The site has potential access onto Colliery lane via a track to the site although this would need to be widened. We have estimated a site capacity of 35 dwellings. There is high developer interest on the site.

The site is considered to be potentially suitable as it is currently restricted by local planning policy as the site is in an area protected by countryside policy.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future. However, further assessment would be required on the viability impact of the access improvements.
