Summary

The site is a green field site that is currently agricultural land and is located to the north of Melbourne. The site has potential access onto Breach Lane and Derby Road. The site has an estimated capacity of 95 dwellings. There is low developer interest on the site.

The site is considered to be potentially suitable as it is currently restricted by local planning policy as the site is in an area protected by countryside policy.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
