

GENERAL SITE INFORMATION		SITE USAGE		
Site reference: S/0047		Site Description: The site is vacant open land to the rear of residential properties.		
Site Name: -				
Site Address: Whitehouses site South of Woodville Road Overseal -				
PUA/Non PUA: Non PUA		Total site area (hectares): 0.92		
Site allocation: N/A		Greenfield:	Brownfield:	Net Developable Area:
Developer interest: None		0.92	0	
Access to services: 61m to bus stop for 8 service to Burton and Ashby. The site is more than 30 minutes travel time to essential services.		Status: Promoted Site		
		Planning History: 9/2006/1120 - detached dwelling granted.		
CONSTRAINTS				
Policy constraints: The site has been considered against Local, Regional and National planning policy and it has been assessed that the site is constrained by: - Countryside policy (EV1) and National Forest (EV10) in the South Derbyshire Local Plan 1998.				
Physical constraints (i.e. topography): The site has been assessed and it is considered that the site is not physically constrained.				
Environmental constraints including flood risk: The site has been assessed and it is considered that the site is environmentally constrained by: - part of the site lying within Flood Zone 3a.				
Access constraints: The site has been assessed and it is considered that the access to the site is not constrained.				

Ownership constraints:

From the information available to us it is considered that the site is currently in one ownership.

Other:

The site has been assessed and it is considered that there are no further constraints.

SITE VIABILITY**Are the constraints able to be overcome?**

Following the assessment of the site, it is considered that all of the constraints are able to be overcome in the future.

Economic viability issues:

The site has been assessed and it is considered that residential development on this site would be economically viable.

DWELLING DELIVERY AND SITE CAPACITY

Dwelling delivery timescales (number of dwellings per year block):	1-5	6-10	11-15	16+	CAPACITY
	0	0	0	0	18

Site suitable? Potentially

Site available? Yes

Site achievable? Yes

Deliverable dwellings: 0

Developable dwellings: 0

Summary

The site is a green field site containing a mixture of agriculture and horticulture which is located to the east of Overseal. The site does not have direct access onto a main road but there is a track that leads to Woodville Road. We have estimated a site capacity of 18 dwellings. There is no developer interest on the site.

The site is considered to be potentially suitable as it is currently restricted by local planning policy as the site is in an area protected by countryside policy. A small part of the site lies within Flood Zone 3a which would require further assessment if that part of the site were to be developed. This site would be served by a sewerage works which discharges to the River Mease Special Area of Conservation. This river is failing its water quality objectives and this has the potential to be a significant constraint to residential development.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
