**Site suitable?** Potentially

**Site available?** Yes

**Site achievable?** Yes

**Deliverable dwellings:****Developable dwellings:****Summary**

The site is a green field site that is within a residential curtilage and is located in the countryside to the north of Hilton. The site is well maintained and has potential access onto Willowpit Lane. We have estimated a site capacity of 18 dwellings. There is medium developer interest on the site.

The site is considered to be potentially suitable as it is currently restricted by local planning policy as the site is in an area protected by countryside policy.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
