**Summary**

The site is a green field site that is currently used as grassland. The site is located to the east of Willington. The site has potential access onto Sealey Close. We have estimated a site capacity of 0 dwellings due to a majority of the site lying within Flood Zone 3b. There is no developer interest on the site.

The site is not considered suitable as the site is within an area protected by countryside policy and over half of the site lies within Flood Zone 3b.

The site is considered available as the existing use would not need to be relocated and the site is in one ownership.

The site is considered achievable as it is a green field site and there is a reasonable prospect that the site will be financially viable for residential development in the future.
