### Indicative Programme Category

	<b>Short Term</b> (typically <3 years) – projects which can be implemented quickly or are committed i.e. already under development.
	<b>Medium Term</b> (typically <5 years) – projects where there is a clear intention to act, but delivery is dependent on further funding availability or other issues (e.g. detailed design, securing planning permissions, land acquisition).
	<b>Long Term</b> (typically >5 years) – more aspirational projects or those awaiting a defined solution.
