## Care and support tailored for you, whenever you need it

Potters Place has been carefully and sensitively designed throughout to suit the needs of people aged 55 and over, who need that extra bit of help to continue to live in their own home and maintain their independence.

To help keep you living independently, our support services are tailored to your individual requirements, based on your care assessment. It's a flexible and responsive service, so that we can continue to support the changing needs of residents, and with that help, most will be able to remain at Potters Place.

Potters Place offers independent living, a community lifestyle and opportunities to enjoy life. It offers the peace of mind that help is close to hand from the team of staff, based in the scheme 24/7, to give you the support you need, when you need it.

Sometimes, Easy Living with Care (or 'extra care' housing as it is sometimes called), gets confused with residential care.

This is not a residential care home - it's your own home, and you keep control over your life, with your rights, choices and wishes respected at all times.

Please take the time to read our leaflet "What is Easy Living with Care?" which explains in more detail who this service is designed for.
